Preparing for 2027!

NORTH SHORE
Coaching College

With almost two months of summer holidays, after all the travelling, day trips or relaxing at home, it's a great opportunity to encourage your child to take some time to reflect on the year past. This will help them to prepare and feel ready to take on the upcoming school year.

Check Progress Reports

Which areas should they focus on this year? It could be improving their spelling marks, making sure they hand in their homework each week, or working on their handwriting or classroom behaviour.

Revise Past Concepts

Especially in Maths, where new concepts build upon existing knowledge, encourage your child to **go through their previous North Shore booklets** for a quick refresher (available for 6 months).

If there were any concepts that they struggled with, ask them to **reattempt the questions that they got wrong**.

After all, **practice makes perfect**!

Before the first lesson:

Check for Room Number and Lesson Times

As your child's first lesson approaches, check your inbox for an email containing their room number and lesson times.

Make sure to share this information with your child so they can ask our Staff for assistance if needed.
