Greetings!

As Term 4 is the final term of 2023, we will continue to focus on furthering and improving our students in their enrolled courses, particularly in English and Mathematics so that they are ready for the following year, making an easier transition to their year level.

I invite you to bring your friends, to visit our Campuses for a personal tour of the College or for a free student assessment. Check out our attractive 'Referral Incentive Program' that will benefit you and your friends!

Thank you for the opportunity to continue to serve and see our precious students thrive and be inspired to live their very best versions of themselves!

Yours sincerely
