Greetings parents, students and learning community members!

What an excellent start to Term 1 we have had!

The vigour, enthusiasm & commitment among our students and staff have truly made this term enjoyable, productive and fulfilling. Your children's eagerness and dedication to learn are a testament to the values instilled in them, and together with our educators, I am grateful for the positive environment they cultivate within our learning community.

I want to stress the importance of completing weekly homework. 'Practice Makes Perfect' and regular practice is essential for mastery.

By completing homework assignments, students can reinforce their understanding of the material and solidify their skills. Consistent engagement with homework helps to identify areas for additional support or clarification. It is a valuable tool for self-assessment and growth.

Let's continue to foster a nurturing learning environment where every student can thrive, encouraged and empowered to live to their true potential.

I feel honour, joy and pride in serving and leading such a wonderful College!

Power to you!
Christina Chia
Chief Operating Officer & Principal (VIC)

CLASSROOM

May we remind students to leave their surroundings (in particular classrooms) clean and tidy. Good hygiene is one of the most effective ways to protect ourselves and others from many illnesses.

CALLING ALL STUDENT WINNERS

We encourage you to share good news of your child's achievements in winning Scholarships, entry into Selective High Schools and SEAL with us. You will receive a discount of 25% off the tuition fee for the following term.

PATH TO SUCCESSFUL LEARNING

We know that leaders who prioritize lifelong learning are more likely to create an environment where others thrive, innovate and continuously grow.

How do we nurture our children towards success?

Great leaders embrace lifelong learning know how to learn – knowing what to do when we don't know what is expected of us. It's about learning from experience and applying it in new ways, adapting to new circumstances and opportunities.

However, as individuals progress through conventional schooling, this innate joy can be overshadowed from adjusting to culture norms at school, standardised assessment, and rigid curricula. As parents we find it just as tough – memories of our own childhood vastly differ to our children's life experience in 2024. We strive to be more empathetic and understanding and this begs the question: **How do we nurture our children towards success?**

There is more than just the development of literacy and numeracy. Students require a breadth of skills for success in the contemporary world. This is because within our societal framework, there is an increased need to navigate and excel above and beyond the norm.

Fostering skill diversity is key to empower success in the ever-evolving landscape of the present-day world. Important skills such as critical thinking, self-awareness, technological literacy, effective communication, problem-solving abilities, mental agility and resilience, high emotional intelligence quotients (EQ) and more.

Our 'proven success' methods have been refined over time, allowing thousands of students to discover and live to their full potential.

So how has North Shore Coaching College done it for the past 32 years?

Into our learning model, we incorporate a philosophy that develops resilience, mental agility, and discipline to achieve academic success.

Moving against the grain, our market leading 'General Ability' component of our primary school course challenges students to think 'outside the box'. It encourages the raw desire to explore and succeed. Unlike other tuition centres, we have consistent weekly lessons via 3-to-4-hour sessions (dependent on year levels), for 40 weeks in a year. Exceptional teaching and learning materials have led us to serving communities in over 65 campuses in Australia and Hong Kong.

So what is your next step?

I encourage you to contact our professional team to explore and discover more about our courses. Connect with us, and let us embark together on a journey of empowerment for your child. Let us lead your child on the path of limitless possibilities.
