Message

Dear Graduates, Parents, Faculty, and Guests,

Knowledge is the bedrock of societal progress, and education serves as the catalyst for cultivating a well-informed and empowered community. Regardless of their talents or abilities, every child deserves an education that empowers them to reach their full potential.

Twenty-five years ago, at the dawn of the new millennium, my father Mr. Bill Ng was invited by Mr. Andy Mak, one of the founders of North Shore Coaching College, to join this esteemed institution as the Principal in Western Australia. Last year, the privilege was extended to me to be the Principal as my father transitions into the Chairman of Directors role at North Shore TEE Success College. Since then, I've come to view North Shore not just as an education institution, but as a nurturing family where students and staff alike feel at home – where each student is valued, encouraged, and supported.

This familial atmosphere is one of the many factors that set North Shore apart from other educational providers in WA and across Australia. We offer a comprehensive education spanning from Pre-school to Year 12, with a diverse range of subjects available year-round. Our tailored lessons and rigorous examinations prepare students for various programs and exams including PEAC, NAPLAN, GATE, Scholarship, WACE, ATAR, and UCAT. Additionally, we collaborate with numerous educational institutions to offer a plethora of extracurricular competitions such as ICAS, REACH, SEAMO, and AMC.

At North Shore, we believe in going beyond a superficial understanding of concepts; we emphasize mastery. Our educational materials are crafted by experts in their fields and are continuously updated to align with shifts in the national curriculum. We foster logical thinking and problem-solving skills through thought-provoking questions that challenge our students in innovative ways.

As the Principal of North Shore in Perth, I have had the privilege of witnessing the remarkable achievements of our students over the years – from state-topping Year 12 students to university scholars and emerging professionals. To me, they all represent an extension of the North Shore family, and I am immensely proud to be a part of their journey.

Our aspiration is for the knowledge and experiences gained at North Shore to equip our students for success long after they leave our halls. I am confident that they will go on to make invaluable contributions to our society.

MR. BEN NG

North Shore TEE Success College – Principal

PROGRAMME

2025 Annual Presentation

20.05.2025 | 06:00 PM - 07:30 PM

Location: Assembly Hall, North Shore Principal Campus, 288 Stirling St, Perth

OUR STUDENTS' SUCCESS STORIES

"Good evening... My name's Duji, I was lucky enough to receive an offer for assured entry into Medicine, via the Bachelor of Science, at the University of Western Australia, this year.

I started my North Shore as a year 2 student studying Maths and English, finishing my journey studying year 12 Specialist Mathematics. I had the privilege of being a North Shore student for 10 years. That's more than half of my life. North Shore had a significant impact on my life and contributed a lot to my success in school. North Shore provided me a positive learning environment which fostered success.

As I got older, the scholarship tests came and went and I began to realise how important gaining the maximum learning out of North Shore classes was. In year 8 and 9, I had Mr Ho as my Maths and Science teacher. I would like sincerely to thank him for he was a selfless, passionate teacher who went the extra mile his classes. ..He sets up a microphone system just so students at the back of the class can hear him. He set an amazing foundation for me... in these subjects which really helped me in upper school. I remember Mr Ho teaching me simultaneous equations with two variables in year 9 mathematics. This came up again in year 12 Specialist Maths, but with 3 variables. North Shore wasn't only preparing me for year 9, but for year 12, which is the year that mattered the most.

I have spent many years at North Shore. All those years undoubtedly paid off, helping me finish off my final exams with a perfect score of 99.95.

I believe the key to success is balance... particularly in the stressful times of Year 12 will help you perform to the best you can. It's not necessarily about studying longer, but studying smarter. This will help you manage your stress levels, enabling you to perform to the best of your ability and maximise your chances of success.

I would finally like to thank the principals of the North Shore centres, particularly my principal, Julianna, I hope that you enjoy your North Shore experience as much as I have and make the most out of it.

-- Sincerely, Dujinthan Jayabalan (ATAR 99.95 Achiever)

Good evening esteemed teachers, students, and distinguished guests.

It is with the greatest pleasure that I share my journey at North Shore with you. Firstly, I would like to take this opportunity to congratulate all the students who have made it this far. My name is Sally Huang, a Year 7 student currently attending Perth Modern School. I am privileged to be at Perth Modern School through the Gifted and Talented Selective Entrance Program (GATE) achieving a score of 295.41, and earned the highest score state wide in the test of Communicating Ideas in Writing. Additionally, I have received academic scholarships to Methodist Ladies' College and Presbyterian Ladies' College, along with multiple academic awards during my primary school years. The realization of attending the top high school in Western Australia seemed like an improbable dream for a girl like me. Yet, it became a reality, thanks to North Shore. ...

There is no doubt that we will hear many more success stories in the years to come. As Nelson Mandela once said: "It always seems impossible until it's done." So, let's go and make the impossible possible together.

-- Sally Huang (Scholarship & GATE Winner)

Good evening distinguished guests, parents, students and staff. My name is Adil Iftekhar, and I am currently in Year 7 Gifted and Talented Program at Harrisdale Senior High School. I am very honoured to be here tonight.

Firstly, I would like to congratulate all students in GATE as you have all worked hard in this journey, to have such success. I would also like to thank North Shore and all the staff and teachers who dedicatedly taught all the students with precision, detail and accuracy. The teachers have always been there to help us understand every concept in depth we would remember it by heart. My journey began had begun when I first started North Shore in Year 3, and I had no idea how to do the weekly spelling test. But with the teacher's guidance and help, my scores improved, and soon I was receiving full marks every week. I thought that as I kept getting a few questions incorrect in my homework the teachers would ignore me in class. But they did not; in fact, they sat down with me and thoroughly taught me how to answer these questions with speed and accuracy. Soon, I was making fewer mistakes and at the end of term I received an Excellence Certificate.

Finally, I would like to thank my parents, who encouraged me to do more, helped me to get the right education and become the person I am now. I also have much gratitude for the education and support North Shore provided me, ...

Life is a rollercoaster, ... But the key to success, is to pick up the pieces and keep going. Thank you.

-- Adil Iftekhar (GATE Winner)

Hello, my name is Winston Ho, and I am extremely honoured today to share with you my North Shore journey. Since I started, North Shore has encouraged me, taught me, and helped to bring out my full potential. It has greatly benefited me and allowed me to achieve my goal of being accepted into Perth Modern School through the GATE program.

North Shore has been a vital part of my life since year 5, extending my knowledge and greatly enhancing my performance at school. I would like to express my gratitude towards my North Shore teachers, as they have played an integral role in my success at primary school, even now, as I settle into high school, ... understanding of every new concept brought up in class. My accomplishments would never have been possible without them steering me to success.

My initial days at North Shore were marked by a hesitance to learn and a tendency to shy away from challenges. However, never did I expect that in less than two years' time, I would be thriving at Perth Modern School, guided by North Shore.

In closing, I am excited for what the future holds. With the guidance of North Shore, I am confident in my ability to tackle the complexities of high school and beyond. I extend my deepest appreciation to North Shore for lighting the path to a bright and promising future. Thank you.

--Winston Ho (GATE Winner)

Ladies and gentlemen, esteemed faculty, honoured guests, and fellow students, My name is Rayaana, and today, I stand before you with immense gratitude and a heart full of appreciation. As we celebrate our academic achievements, I cannot help but reflect on the pivotal role that North Shore has played in shaping our futures. It is my privilege to express my sincere thanks to this remarkable institution.

First and foremost, let us acknowledge our exceptional teachers. Their unwavering dedication, passion, and commitment have been the bedrock of our success. Adela, in particular, my tutor, stands out as a beacon of inspiration. Her enthusiasm for physics ignited a spark within me, propelling me toward a path I had never considered. Adela, you have not only imparted knowledge but also instilled a love for learning - a gift that will forever resonate in my journey.

Beyond the classroom, the administration team deserves accolades. ...From organizing events to managing logistics, they create a seamless experience for us. ... warmth, and unwavering support.

To the incoming students, I say this: North Shore is more than a place of learning; it is a nurturing ground for dreams. ... Your journey here will be marked by growth, resilience, and countless moments of sudden understanding. Thank you, to the entire North Shore team for making this all possible.
