

# NORTH SHORE NEWSLETTER

## TO PARENTS & GUARDIANS

With the conclusion of the GATE and Scholarship exams, results have now been published across all schools. If you have successfully secured a placement, we would be honored to celebrate your achievement with a supersize trophy at our 2026 Annual Presentation Night. Additionally, you'll receive a 20% discount on your 2026 enrollments\*. For further details, please contact one of our Campus Directors.

We have also collected valuable feedback from our students regarding this year's exam, which we will integrate into our course programs.

In our commitment to rewarding loyal customers, we have streamlined the process for referring friends to join the North Shore family. When your friend successfully enrolls in one of our term programs (minimum fee of \$400), you will receive a \$40 discount.

## IN THIS ISSUE:

### 02 REFERRAL DISCOUNTS UPDATE

See our new revised referral discount policy.

### 03 RE-ENROL FOR TERM 4 2025

Use one of our three convenient payment methods to re-enrol for Term 4 before the term ends! Places are limited, re-enrol now to retain your current class.

### 06 GATE & SCHOLARSHIP PROGRAMS

Discover our various GATE and scholarship programs designed specifically for your child, catering to different school grades. These programs are ideal for Level 5, 7, 8, and 9 students. Mock test are included per class to simulate real exam conditions.

### 08 OCT HOLIDAY PROGRAM (START 6<sup>TH</sup> OCT)

# MyStudy: Online Homework

*Our most frequently asked questions*

## QUESTION

**What levels and subjects are MyStudy for?**

## ANSWER

As of Term 2, 2025, MyStudy is currently used in the following levels:

- **Level 3 & 4:** Maths & Thinking Skills only
- **Level 5:** English only

We are looking to expand it to other levels in the future, so keep an eye out for more updates!

## QUESTION

**My child forgot to go their MyStudy homework last week.  
Do they need to catch up this week?**

## ANSWER

Yes. MyStudy homework is **supposed to be completed each week** as students complete their physical booklets. Please **ensure your child is up-to-date in their MyStudy homework** as teachers monitor marks on a weekly basis.

## QUESTION

**Is MyStudy extra homework on top of the usual work  
in the physical workbook?**

## ANSWER

**No.** MyStudy is **not 'extra' homework**, but **rather specific pages from the physical booklet being provided in an online format.** That's why **students should be treating and completing their MyStudy homework as they would their usual booklets.**

### QUESTION

What are the benefits for students?

### ANSWER

Exposure to both traditional pen-and-paper and digital formats **equips students with the skills needed for future academic tasks** (like NAPLAN which is now digital with the exception of Year 3 writing).

Additionally, students are able to **receive immediate feedback** on their scores, as well as the **opportunity to easily review and re-attempt incorrect questions**.

### QUESTION

Will MyStudy replace all physical booklets in the future?

### ANSWER

**No**, North Shore believes in a **balance of both traditional and digital formats, which is why students will always be provided physical learning materials during their lessons**.

# ARTIFICIAL INTELLIGENCE

## FRIEND OR FOE?

Technology affects all our lives, and we are living in an age where it is almost impossible to keep us with the advances technology is making. No one is immune to this rapid pace of change - not even our children.

The most challenging area of technological change is in the field of artificial intelligence (AI).

For all the benefits that AI may bring us, there are some notable concerns. For educators the most unsettling concern is ensuring student work is original and not 'machine-generated'.

At North Shore Coaching College, we are increasingly aware that students are using AI to generate their school homework and assignments. Whilst AI will provide quick answers, it will not ensure the *student is actually learning* - that they are *developing skills and knowledge*. When they are faced with an exam, especially an important one to gain admission to a selective school or secure a scholarship, students will be at a disadvantage if they have not actually learnt the important concepts and skills.

### Zero Tolerance:

**For that reason, North Shore Coaching College has a zero-tolerance approach to AI-generated homework assignments. We see this as no different to getting someone else to do your homework or copying slabs of information from Google or a website.**

**True learning requires effort.** It requires a commitment to acquiring skills and knowledge. It requires growth and development. It gives us the ability to better understand our world and operate more efficiently within it.

AI generated homework provides none of this.

It actually disadvantages students - ultimately robbing them of skills and knowledge that will allow them access to the better high schools and universities.

### Our Policy:

**Please understand that if we believe a student's work has been generated in part or wholly by AI, we may request a resubmission of work or mark the homework as incomplete.**

We know you will appreciate our policy is in the best interests of YOUR child. That your child's original, personal homework efforts are acknowledged and valued. That they are not disadvantaged by 'AI cheating'. That they have a brighter academic future through genuine application to their studies.

For over 30 years, parents and students have put their trust in North Shore Coaching College to do what is right in the interest of a superior education for our students. We will continue to act in their best interests and support our families to the full extent of our abilities.
