Follow the 5!

One of the new and practical developments this term is the re-imagining of our classroom rules. In re-imagining the rules, we undertook quite a journey of reflection.

First Consideration:

The College holds a clear and steadfast belief in the **right to learn in a safe environment**. The primacy of teaching and the right of the learner to excel are central tenets of our approach.

Second Consideration:

After more than 30 years in the provision of quality education we are convinced that two elements are essential for a student to realise their potential:

- a. Clear expectations of both student and teacher
- b. A classroom environment in which learning is not a possibility but an **expectation**

It is true to say that effective classroom rules are at the heart of realising student potential. Having taken the above into consideration, we have crafted our new classroom rules.

Classroom Rules - Follow the 5

1. Your teacher has the **right** to teach.
2. You have the **right** to learn.
3. Your classmates have the **right** to learn.
4. You must **respect** other people's property.
5. You must **not bully**.
